Proceedings of the Government of Mysore, General, dated 3rd January 1900.

READ AGAIN—

Correspondence (Plague Branch) ending with the Secretary's docket No. Pg. 616, dated 4th December 1899, to the Compiler, *Mysore Gazette*.

No. 7544-S3—Mis. F. 17-94, DATED BANGALORE, 3RD JANUARY 1900.

ORDER THEREON—It is observed that the Government Press had on its establishment originally a "Head Clerk and Translator" whose duty it was to make the usual translations for the Press in addition to his other duties. In the final revision of the establishment, which was sanctioned in Government Proceedings No. 10125-26—Mis. F. 17-94, dated 28th February 1899 on the basis of Proposition Statements submitted by the Superintendent of the Press, that official was styled a "Head Clerk" in place of his former dual designation. This change, however, which was evidently unintentional, cannot relieve the official concerned of his duty of making translations, especially when his pay was increased in consequence of the revision from Rs. 60 to Rs. 70—10—90. His full designation of "Head Clerk and Translator" will now be restored and he will be required to continue to do the work of ordinary translation in the Press as formerly. As he cannot, however, be expected, in addition to his other work, to translate accurately long and important Notifications, &c., issued by Government in the Plague or other Branches, or by Heads of Departments, the Secretaries to Government and the Heads of Departments will be requested to be so good as to send all such long and important English papers, Notifications, &c., along with their Kannada translations for publication in the *Mysore Gazette*.

GENERAL.

No. 8052—J. 895, dated 14th December 1900.

The following revised Rules for the grant of shooting-passes to British Soldiers in India, which have been prescribed by the Government of India, Military Department, are hereby re-published for the information and guidance of all concerned.

2. The attention of District Magistrates will be drawn to the orders contained in the "Note" appended to the said Rules.

By Order,

L. ANANTASAMI RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

PART I.

Rules for Shooting Parties.

1. No warrant officer, non-commissioned officer or private soldier shall carry fire-arms for sporting purposes without a shooting pass. Shooting-passes will only be granted to warrant officers and non-commissioned officers and to private soldiers possessing at least one good-conduct badge.

2. No pass will be granted to any warrant officer, non-commissioned officer or private soldier unless his Squadron, Battery-Section or Company Officer certifies that he is competent to handle fire-arms.

3. Each pass will be granted to a party of three, one of whom shall be in charge of the party. The party must in all cases be accompanied by a native qualified to act as interpreter, whose name will be entered on the pass. The party of three shall not separate while shooting.

4. The member of the party who is placed in charge shall carry the pass. He shall produce it when reasonably required to do so, and he shall at once return it to the squadron, battery or company orderly sergeant when the party comes back to camp or lines. On returning the pass he shall report any breach of these rules, any affray with natives, or any mishap, which may have occurred during the absence of the party. If any such event is reported, the non-commissioned officer to whom the pass is returned will at once inform the Commanding Officer; and the Commanding Officer will at once send to the District Magistrate the substance of the report, together with a copy of the complaint, if any.

5. If any member of a shooting party commits any act resulting in injury to person or property, or is involved in an affray with natives, the party shall return to camp or lines without delay, after reporting, if possible, to the nearest civil authority.

6. No person not named in the pass, except game coolies, shall accompany a shooting party.

7. There shall be no loading in the neighbourhood of camp or lines, and all fire-arms shall be unloaded before shooting parties return.

8. No shooting with bullets of any kind is permitted except in forest or close jungle, or in tracts of country where such shooting is not attended with danger. Shooting at night is forbidden, except in forest.

9. No member of a shooting party shall address or enter into conversation with any native woman.

10. No member of a shooting party shall enter any village, house, temple, mosque or enclosure, or shall shoot within 500 yards of such. If supplies are to be obtained from a village, the interpreter may be employed for the purpose.

11. Members of shooting parties are forbidden to trespass upon or shoot over crops.

12. No member of a shooting party shall shoot at any animal or bird, or in any locality, included in the prohibited list shown on the pass.

13. Shooting at peafowl is prohibited, unless by special permission endorsed on the pass. No shooting at hinds, does, monkeys or dogs is permitted.

14. These rules apply to troops on the march or in moving camps, as well as to troops in cantonments or standing camps.

15. The fire-arms carried by a shooting party shall be specified on the pass and no fire-arms not so specified shall be used.

16. No rifle or carbine shall be used which carries Government ammunition, or is under 50 bore, or is sighted over 150 yards. All bullets used with rifles or carbines for sporting purposes shall be hollow.

17. No private soldier, not qualified to be a member of a shooting party, shall be allowed to possess a rifle, carbine or gun of his own.

18. Fire-arms and ammunition used for sporting purposes, whether private property or issued by Government, shall be kept in the squadron, battery or company store-chest in charge of the squadron sergeant-majors, quartermaster sergeants or color sergeants. They will be issued by the above-named non-commissioned officers, on production of a pass in which they are specified and this duty shall not be delegated to any other person. The armourer sergeant, in the case of a battery, the Section Officer will sign the specification of fire-arms on the pass, and no arms shall be issued unless he certifies that they are in good condition and no contrary to rule 16.

19. All fire-arms issued from the store-chest and unused ammunition shall be returned to the sergeant in charge who will sign to their receipt on the shooting pass when the party comes back to camp or lines. All arms kept for sporting purposes shall be entered on the "daily account" of the Corps or Detachment; and shall be shown as "present," "on pass" or "absent."

20. These rules apply to troops on the march or in moving camps, as well as to troops in encampments or standing camps.

PART III.

Rules for Officers granting Shooting-passes.

21. Shooting-passes are to be granted by the Officer Commanding the Corps or Detachment to which the men belong or to which they are attached for the time being.

22. Passes are to be granted only on the printed forms supplied for the purpose and the certificate on the face of the pass is to be signed by a Squadron, Battery Section or Company officer and countersigned by the Commanding Officer.

23. When men are permitted to shoot in the vicinity of a military station at a distance from their quarters, the following procedure shall be observed:—

(1) A furlough pass will be granted to them to the military station nearest to the country in which they intend to shoot. On the furlough pass will be an endorsement by the Officer Commanding the Corps or Detachment in red ink to the effect that the men are permitted to carry fire-arms and ammunition, and are eligible for a shooting-pass. The furlough pass so endorsed shall be an authority to the sergeant in charge to issue arms and ammunition to the party, after the armourer sergeant has signed the specification that the arms are in good condition and not contrary to rule 16.

(2) A shooting-pass will at the same time be given to them in the usual form with the omission of (a) the name of the interpreter, (b) the dates indicating the duration of the pass, (c) the list of prohibited localities, animals and birds and (d) the countersignature of the Commanding Officer.

(3) On arrival at the military station to which they are granted furlough they shall report themselves to the military authorities at that station who will attach them to a military unit.

(4) The Officer Commanding the Corps or Detachment to which they are attached will, unless there are valid reasons to the contrary, complete the shooting-pass by entering (a) the name of a qualified interpreter, (b) the dates indicating the duration of the pass and (c) the list of prohibited localities, animals and birds for the tracts of country where the members of the party intend to shoot; and will then add (d) his countersignature. He will also give the notice to the civil authorities required by rule 26.

The possession of fire-arms and ammunition by members of the party is only allowed during the currency of the completed shooting-pass, otherwise rules 18 and 19 apply at the station to which the men are granted furlough.

24. Shooting-passes, if granted to regimental warrant officers and sergeants, shall not extend to more than 14 days; and, if granted to rank and file, shall not extend to more than

12. Officers Commanding Stations, and Officers Commanding Troops about to march, will communicate with the Civil District Officer in order to ascertain—

(a) in what localities shooting ought to be forbidden:

(b) What animals or birds are regarded by the inhabitants as sacred, or are protected by rules relating to the establishment of a close season.

26. Prior to the issue of a shooting-pass which is to extend over three days, the Commanding Officer by whom it is to be granted shall send notice thereof to the District Officer of any civil district in which the members of the party are to be permitted to shoot. This notice shall be despatched at least three days before the commencement of the currency of the shooting-pass. The notice shall state the names and rank of the members of the party, the place or places which they are to visit and the dates indicating the duration of the pass.

27. For a Native State, the Political Officer in charge shall be deemed to be the District Officer for the purposes of rules 25 and 26. The notice furnished to the Political Officer under the latter rule shall be despatched at least three days beforehand; but such longer notice shall be given as is possible. Soldiers marching through a Native State are in no case to be permitted to shoot unless within 10 miles of camp.

PART IV.

Rules for dealing with offences.

28. When any serious breach of these rules occurs the Officer Commanding the Corps or Detachment will at once report the date and all the facts of the incident, so far as known, by telegram direct to the Adjutant-General in India; repeating the message to the General Officer Commanding the District, to the Deputy Adjutant-General of the Command and to the Military Department. Detailed reports will be submitted subsequently by letter through the usual channel for the information of the Commander-in-Chief and the Government of India.

29. In every such case the Officer Commanding the Corps or Detachment will immediately commence a thorough and searching investigation, in view to securing the best possible narrative while the event is still fresh; and he will communicate with the District Magistrate as freely as required. When the civil authorities also take up the case, every assistance possible will be rendered to them in their investigation. The Medical Officer, who first attends to any person (whether soldier or civilian) wounded in any such case, will, without delay, bring to the notice of both the civil and military authorities the nature and extent of the injuries received and their probable ultimate result.

30. Any warrant officer, non-commissioned officer or private soldier shooting without a pass shall be tried by court-martial, and shall on conviction be deprived of the privilege of shooting during the remainder of his Indian service. Also any member of a shooting party, who commits any breach of these rules resulting in material injury to person or property, shall be tried by court-martial. Cases of all other breaches of the rules shall be reported to the General Officer Commanding the District for orders.

31. When a court-martial is to be held under rule 30 the case shall be sent to the Deputy Judge Advocate-General, or Assistant Judge Advocate-General, who shall frame the charges and prepare the brief for the prosecution and the proceedings of the court-martial shall be sent to the same officer for report before confirmation. If a civil enquiry has been held on any case, proceedings of enquiry should accompany application for trial in view of all possible evidence being made available.

32. When a court-martial is held under these rules, the result will be reported for the information of the Commander-in-Chief and the Government of India.

33. If any breach of these rules, or any act committed by a member of a shooting party, results in an affray with natives, or in material injury to person or property, and the offender or offenders cannot be identified, all shooting-passes will be prohibited in the Corps or Detachment, or in the district, for a period not exceeding two years, at the discretion of the Lieutenant-General Commanding. Every such prohibition shall be published in *Compass*, Orders and reported for the information of the Commander-in-Chief and the Government of India.

PART V.

Special Rules for Warrant and Non-Commissioned Officers of Departments.

34. Shooting-passes will be granted to warrant and non-commissioned officers of departments by the local Department Senior Commissioned Officer, in accordance with these rules so far as they may be applicable: Provided that any such warrant or non-commissioned officer may be granted a pass to shoot alone if the officer granting it is satisfied that his knowledge of the language is sufficient to enable him to converse with the inhabitants. Standing passes for a maximum period of six months, but subject to the rules relating to prohibited localities, animals and birds and to the other restrictions referred to above, may be granted to subordinates of the Military Works Department who are not employed in cantonments. In every case the officer granting the pass is responsible for seeing that the list of prohibited localities, animals

35. A copy of these rules and of the list of prohibited localities, animals and birds shall be hung up in a conspicuous place in every barrack room.

36. Twice a year (in April and October on such days as the Officer Commanding directs) the rules included in Parts I and II and Rules 30 and 33 shall be read on parade at the head of all British squadrons, batteries and companies (including convalescent depôts and standing camps).

37. When troops disembark in India, no shooting-passes shall be granted until they arrive at their destination. On their arrival, and before any passes are granted, the rules in Parts I and II and Rules 30 and 33 shall be read on parade. An order calling attention to this rule shall be issued to the Commanding Officer of each Corps or Detachment before the troops disembark.

38. A copy of the rules in Part II shall be hung up in every squadron, battery or company store.

NOTE.

The following Orders and Rules of law apply to the civil inhabitants of localities in which soldiers are permitted to shoot.

The civil authorities will explain the substance of the rules and orders in simple language in all villages and tracts where soldiers are in the habit of shooting, so that the inhabitants will have no excuse for interfering unwarrantably with members of a shooting party.

2. Landlords, headmen and village police will be warned that they are expected to give their assistance in avoiding disputes between villagers and soldiers out shooting.

3. The rules for soldiers provide for punishment of a corps or detachment, or district, in the event of the offenders not being discovered. A similar responsibility may be enforced upon villages where affrays with British soldiers have occurred, if the villagers generally, or a considerable number of them, have made an unwarranted attack upon a shooting party, but the actual offenders have not been brought to justice. The villagers will be warned that in such cases they are liable by law to have extra police quartered upon them at their own expense.

4. The villagers will also be warned that they are not in any circumstances to take the law into their own hands, but are to lodge any complaint they have to make in a legal manner.

5. In cases which are not cognizable by the police, or where the prosecution is not undertaken by the civil authorities, the Civil District Officer will inform the Commanding Officer, to that effect, for such action as the latter may consider fit to take.

PART I.

Rules for Shooting Parties.

1. No warrant officer, non-commissioned officer or private soldier shall carry fire-arms for sporting purposes without a shooting pass. Shooting-passes will only be granted to warrant officers and non-commissioned officers and to private soldiers possessing at least one good-conduct badge.

2. No pass will be granted to any warrant officer, non-commissioned officer or private soldier unless his Squadron, Battery-Section or Company officer certifies that he is competent to handle fire-arms.

3. Each pass will be granted to a party of three, one of whom shall be in charge of the party. The party must in all cases be accompanied by a native qualified to act as interpreter, whose name will be entered on the pass. The party of three shall not separate while shooting.

4. The member of the party who is placed in charge shall carry the pass. He shall produce it when reasonably required to do so, and he shall at once return it to the squadron, battery or company orderly sergeant when the party comes back to camp or lines. On returning the pass he shall report any breach of these rules, any affray with natives, or any mishap, which may have occurred during the absence of the party. * * * *

5. If any member of a shooting party commits any act resulting in injury to person or property, or is involved in an affray with natives, the party shall return to camp or lines, without delay, after reporting, if possible, to the nearest civil authority.

6. No person not named in the pass, except game coolies, shall accompany a shooting party.

7. There shall be no loading in the neighbourhood of camp or lines; and all fire-arms shall be unloaded before shooting parties return.

8. No shooting with bullets of any kind is permitted except in forest or close jungle, or in tracts of country where such shooting is not attended with danger. Shooting at night is forbidden except in forest.

*Except when permitted by special order endorsed on this pass.

9. No member of a shooting party shall address or enter into conversation with any native woman.

10. No member of a shooting party shall enter any village, house, temple, mosque or enclosure, or shall shoot within 500 yards of such. If supplies are to be obtained from a village, the interpreter may be employed for the purpose.

11. Members of shooting parties are forbidden to trespass upon or shoot over crops.

12. No member of a shooting party shall shoot at any animal or bird, or in any locality, included in the prohibited list shown on the pass.

13. Shooting at peafowl is prohibited, unless by special permission endorsed on the pass. No shooting at hinds, does, monkeys or dogs is permitted.

14. These rules apply to troops on the march or in moving camps, as well as to troops in cantonments or standing camps.

PART II.

Rules for fire-arms and ammunition.

15. The fire-arms carried by a shooting party shall be specified on the pass, and no fire-arms not so specified shall be used.

16. No rifle or carbine shall be used which carries Government ammunition, or is under 450 bore, or is sighted over 150 yards. All bullets used with rifles or carbines for sporting purposes shall be hollow.

17. No private soldier, not qualified to be a member of a shooting party, shall be allowed to possess a rifle, carbine or gun of his own.

18. Fire-arms and ammunition used for sporting purposes, whether private property or issued by Government, shall be kept in the squadron, battery or company store-chest in charge of the squadron sergeant-majors, quarter-master sergeants or color-sergeants. They will be issued by the above named non-commissioned officers, on production of a pass in which they are specified, and this duty shall not be delegated to any other person. The armourer sergeant (or, in the case of a battery, the Section Officer) will sign the specification of fire-arms on the pass, and no arms shall be issued unless he certifies that they are in good condition and not contrary to rule 16.

19. All fire-arms issued from the store-chest and unused ammunition shall be returned to the sergeant in charge who will sign to their receipt on the shooting pass when the party comes back to camp or lines. All arms kept for sporting purposes shall be entered on the "daily state" of the Corps or Detachment; and shall be shown as "present," "on pass," or "absent."

20. These rules apply to troops on the march or in moving camps, as well as to troops in cantonments or standing camps.

* * * * *

PART IV.

Rules for dealing with offenders.

* * * * *

30. Any warrant officer, non-commissioned officer or private soldier shooting without a pass shall be tried by court-martial, and shall on conviction be deprived of the privilege of shooting during the remainder of his Indian service. Also any member of a shooting party, who commits any breach of these rules resulting in material injury to person or property shall be tried by court-martial. Cases of all other breaches of the rules shall be reported to the General Officer Commanding the District for orders.

* * * * *

33. If any breach of these rules, or any act committed by a member of a shooting party, results in an affray with natives, or in material injury to person or property, and the offender or offenders cannot be identified, all shooting passes will be prohibited in the corps or detachment, or in the district, for a period not exceeding two years, at the discretion of the Lieutenant-General Commanding.

READ AGAIN—

Government Notification No. 8052—J. 805, dated the 11th December 1900, republishing the revised rules for the grant of shooting passes to British soldiers prescribed by the Government of India.

READ—

Memo No. 1275, dated 13th March 1901, from the First Assistant to the Resident in Mysore, forwarding copies of the following papers :—

Letter No. 3472-81, dated the 31st December 1900, from Mr. J. P. Hewett, C. S. I., C. I. E., Secretary to Government of India, to Local Governments and Administrations.

I am directed to forward a copy of the revised rules for the grant of shooting passes to British soldiers in India, which have been approved by the Governor General in Council and published in the *Gazette of India* of the 27th October last, and to request that [with the permission of His Honor the Lieut. Governor and Chief Commissioner] the special attention of the Local Civil Officers concerned in the administration of the rules may be drawn to them.

2. These rules are drawn up chiefly for the guidance of the Military authorities, but their successful working cannot be insured without the co-operation of the Civil Officers. The Governor General in Council therefore considers it necessary that the duties of the latter class of officers respecting this matter should be clearly laid down.

3. In Rule 4 of the revised rules it has been provided that the Commanding Officer of a Regiment or Detachment is at once to send to the District Magistrate the substance of any report (together with a copy of the complaint, if any) that may be made by the member of a shooting party who is in charge of the party, on their return to quarters, respecting any breach of the rules, any affray with natives, or any mishap which may have occurred during the absence of the party. The Government of India consider it necessary that the District Officer also should communicate to the Commanding Officer immediate information of any breach of the rules by men under his command that may be reported to the Civil authorities. Cases have come to the notice of the Governor General in Council in which the Civil authorities have omitted to make a report upon such occurrences to the Officer Commanding the Regiment, who remained in ignorance of the affair until a report was called for from Army Head-Quarters, or by the Government of India, or until the Police inquiry had been completed. I am to request that, to enable the Commanding Officer of a Regiment or Detachment to take suitable notice of any infringement of the shooting pass rules, orders may be issued which will insure due information being communicated by the District Officer to the local Military authorities in cases which may come to his notice.

4. Rule 25 of the revised rules lays down that Officers Commanding Stations and Officers Commanding Troops about to march will communicate with the Civil District Officer in order to ascertain (a) in what localities shooting ought to be forbidden, and (b) what animals or birds are regarded by the inhabitants as sacred or are protected by rules relating to the establishment of a close season. There is, however, more continuity in the Civil District Offices, where the establishments, if not the officers, are to a great extent permanent, than in Military Cantonments. With a view, therefore, to guarding against the provisions of the rule being overlooked, I am to request that instructions may be issued to Commissioners and District Officers to the effect that, on the arrival of a corps or detachment in a Civil District, the District Officer shall at once certify to the Officer Commanding the corps or detachment what localities, animals, and birds are forbidden for shooting purposes, either absolutely on account of the prejudices of the inhabitants, or for parts of the year in accordance with rules for close seasons. In defining tracts of country where shooting is to be allowed, the local officers should be directed to bear in mind the orders contained in Home Department Circular letter No. ³⁰1612-1028, dated the 31st July 1883, and to take care that no tracts are included where owing to the religious prejudices of the people, the agricultural circumstances of the district, or other sufficient causes, there would be risk of danger if free permission to shoot were accorded.

5. In the Circular of the 31st July 1883 referred to above, and in that of 1891 marginally noted, Local Governments and Administrations were requested to instruct the District authorities to cause the shooting pass rules to be explained to villagers in the neighbourhood of cantonments, and to warn such villagers against interfering with soldiers out shooting and using violence to them, and also against taking the law into their own hands in cases in which soldiers infringe the rules. The Governor General in Council now directs that the substance of the revised rules, so far as they affect the villagers, should be periodically notified in simple language in the villages and tracts where

No. ¹⁸1230-1239, dated the 1st July 1891.

Judicial, dated 6th April 1901.

soldiers are in the habit of shooting, and that District Officers should impress upon landlords, headmen and village police that they are expected to give their assistance in avoiding disputes with soldiers on shooting. The headmen and village police must see that soldiers conducting themselves properly are not molested, and that any complaints of misconduct are reported to the proper authorities. In cases in which notice of the probable advent of a shooting party has been sent to the District Officer under Rule 26 of the revised rules, he should, with as little delay as possible, send intimation to the headmen and village police (so far as this can be done) stating that a shooting pass has been issued and that they are to see that quarrels are avoided. Villagers should on no account take the law into their own hands, but should lodge any complaint they have to make in a legal manner.

6. In the Circular from this Department, No. ⁵⁹~~2349-2353~~, dated the 14th October 1887, the importance of conducting prompt investigation into cases of affrays between European soldiers and native villagers was inculcated; and it was desired that, on the occurrence of a serious affray, the District Magistrate should invariably either himself proceed to the place or at once depute an European Magistrate or the District Superintendent of Police in order to investigate the matter on the spot at the earliest possible time after the occurrence. I am now to request that instructions may be issued that the investigation of a case between natives and soldiers arising out of a shooting dispute should, whenever possible, be entrusted to an English Magistrate or Police Officer not lower in rank than Assistant Superintendent, and that when such cases come into Court they should be tried by the District or Joint Magistrate. In cases which are not cognizable by the Police, or where the prosecution is not undertaken by the Civil authorities, the Civil District Officer shall inform the Commanding Officer of the Corps or Detachment concerned to that effect for such action as the latter may consider fit to take.

7. In conclusion, I am to say that the Government of India think it desirable that each Commissioner, District and Sub-Divisional Magistrate should be furnished with a copy of the revised rules as a separate publication.

2. Letter No. 352 C., dated the 30th January 1901, from the Deputy Secretary to the Government of India, to the Adjutant General in India.

I am directed to acknowledge the receipt of your letter No. 3635-D, dated 21st December 1900, regarding the issue of shooting passes to non-commissioned officers of Royal Engineers attached to the Corps of Sappers and Miners and warrant and non-commissioned officers on the permanent staff of Hill Depots.

2. It is stated that the isolated position of these warrant and non-commissioned officers does not admit of their going out shooting in company with two other men as required by paragraph 3, Part I of the revised rules for the grant of shooting passes; it is accordingly recommended that an exception may be made in their favor, and that they be included in the concession allowed by paragraph 34, Part V of the rules, i. e., that they be allowed to receive a pass to shoot alone if the officer granting it is satisfied that the warrant officer or sergeant has sufficient knowledge of the language to enable him to converse with the inhabitants, and provided that this relaxation of the general rule only applies to warrant officers and sergeants on the permanent staff of Hill Depots during the winter months.

3. In reply I am to say that the Government of India sanction the proposal.

I am directed to acknowledge the receipt of your
letter No.1726-D, dated the 11th June 1901, recommending that
Commanding Officers should be empowered to grant shooting
passes up to 14 days to thoroughly reliable men in the rank
and file, as well as to warrant officers and sergeants. It
is proposed in the case of private soldiers to confine this
concession to those in possession of one good conduct badge.

2. It is stated that His Excellency the Commander in
Chief is of opinion that the restriction contained in para-
graph 24 of the Shooting Pass Rules which limits the grant
of shooting passes to the rank and file to a maximum period
of 7 days, bears hardly on old soldiers of good character, who
His Excellency thinks, may be trusted to observe the general
rules on the subject.

3. In reply, I am to say that the Governor-General in
Council accepts His Excellency the Commander in Chief's pro-
posal that shooting passes for 14 days may be issued to
non-commissioned officers and men subject to the condition
that passes will only be granted to those possessing two
good conduct badges. It is requested that the necessary
draft correction to the "Rules relating to shooting and grant
